In re: Request for Experimental  
Authority  
CBS Radio Stations, Inc.  
KXNT-FM, Henderson, NV  
Facility ID No.: 12560

Dear Ms. Haller:

The staff has under consideration the request received on March 31, 2011, for experimental authority to test conditional access technology as part of the station's hybrid digital operation. The experimental authority is requested pursuant to 47 C.F.R. § 73.1510.

KXNT-FM proposes to use an HD-3 digital multicast stream to test conditional access technology at the National Association of Broadcasters convention, during the period from April 7 until April 22, 2011. The test will allow convention attendees to evaluate new conditional access receivers. KXNT-FM will continue to provide one free digital channel, as required by 47 C.F.R. Section 74.403(a).

Accordingly, the requested experimental authority for the hybrid digital operation described above IS **HEREBY GRANTED**. This experimental authority expires on July 1, 2011. Any request for extension of this authority should be filed at least thirty days prior to this expiration date.

Sincerely,

Ann Gallagher
